Microcomputer Work Center

Ships Via

Now personal computer components can be organized and arranged comfortably and effectively in one compact unit!

Upper shelf holds terminal screen

Disc drive rack keeps disc drives within easy reach, but out of the way (removable)

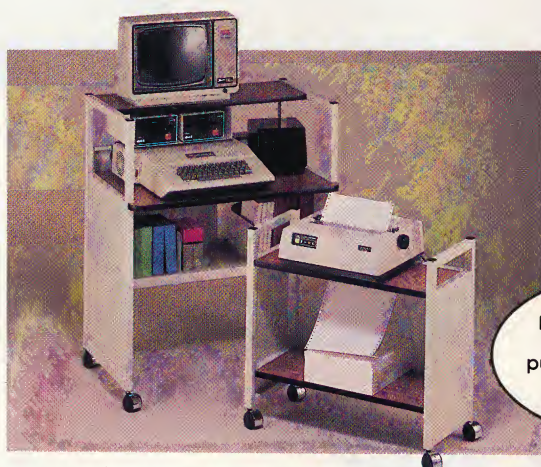

Tabletop for keyboard and working materials

Bookcase shelf with dividers accommodates books, papers, supplies, etc.

Deluxe hooded casters give easy mobility on any surface

The Microcomputer Work Center is designed to provide optimum operator comfort and efficiency. Upper shelf is positioned to place terminal screen in most comfortable viewing position; lower bookcase shelf conveniently holds books or materials for easy access and is slotted to accommodate two adjustable bookend dividers. 19 x 28" desk-top surface provides ample space for a keyboard and other working materials. Unit features sturdy steel construction with 3/4" high-pressure wood-laminate desk-top and upper shelf that resists scratches, mars and burns. Bookcase shelf has all metal construction. Attractive Putty enamel finish with high pressure Oak laminate desk-top and upper shelf. Top shelf measures 10 x 28", lower shelf measures 9 x 28". Overall dimensions are: 37 1/2"H x 30"W x 20"D. Shippable via UPS to save on freight costs. Shipped KD, easy to assemble.

☐ Optional Disc Drive Rack (See Page 9)

Microcomputer Table

Specialized efficiency in a compact work center

- ☐ 30 x 24" work surface holds keyboard, disc drives, notebooks and other work materials
- ☐ Riser shelf will hold a monitor, optional disc drive rack, accessories, etc.
- ☐ Modesty panel adds support and privacy
- ☐ Optional Disc Drive Rack (See Page 9)

The new Microcomputer Table is both convenient and economical. There's room for a full set of microcomputer components and still enough space for working materials. Non-glare surface on the table top eases eye strain and sturdy steel construction stands up under rugged daily use. The table is 26 3/4" high for optimum operator comfort. Both the table and riser shelf surfaces are constructed of durable 3/4" high pressure laminate for long lasting reliability. Choose from 3 attractive color combinations: Putty/Oak, Putty/Walnut, or Black/Walnut.

☐ 30" x 30" tabletop holds keyboards, work materials, etc.

☐ Large 30" x 36" desktop gives you ample work space

☐ Optional Storage Module has 3 compartments and roll-top tambour door for privacy (see Page 7)

☐ 30" x 10" riser shelf for terminal, books, accessories, etc.

Bi-Level Microcomputer Table/Desk

Now you can enjoy the space-saving convenience of a desk and microcomputer station in one centralized unit. Your desk and microcomputer station are side by side, so you don't have to interrupt your work to walk across the room or rearrange equipment. The Microcomputer Table/Desk has many features found only on sturdily constructed furniture. Like high-pressure laminate tops that resist scratches and mars; steel T-bar construction; T-molding to protect table edges; and leg levelers for stability on any surface. The attractive Putty and Oak woodgrain finish makes the Microcomputer Table/Desk a handsome addition to any office. Shipped KD, easy to assemble. Available in right or left hand version.

Standard CRT Table

Designed for comfort, freedom of movement and economy!

☐ 3/4"-thick high-pressure laminate tops resist scratches, burns and mars (tops are 1" thick on larger models)

☐ T-molding protects table edges and prevents clothing snags and catches

☐ Steel T-bar construction provides durability

☐ Leg levelers add stability on any surface

☐ Optional castered legs add mobility.

Five popular size CRT tables designed for efficient and comfortable use of computer related equipment. Non-glare surface on the table tops eases eye strain and the overall 26 3/4" table height (27" on all 48 & 60" long tables) places the operator in the ideal keying position. Choice of 3 attractive color combinations makes the CRT tables look good in any office. Choose from Putty with Oak top, Putty with Walnut top or Black with Walnut top. For added mobility see models with casters below.

Standard CRT Table with Casters

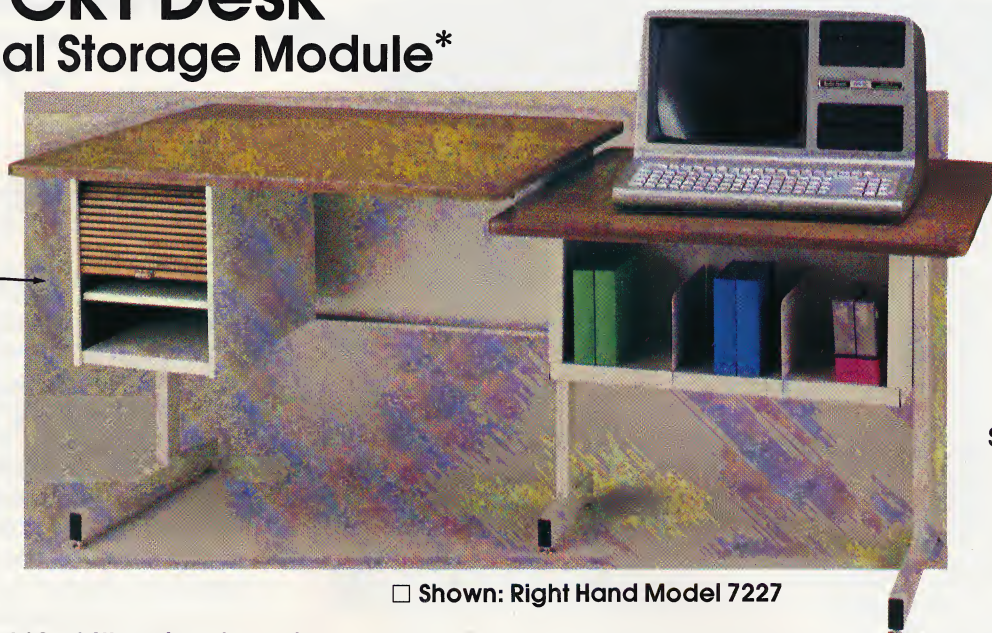

Enjoy added convenience and mobility with the addition of a set of 4 hooded casters. There are 2 standard casters and 2 locking casters to keep the table firmly in place when not being moved. Casters provide easy movement over any surface without damaging floors. (Note: Tables with casters have 2" shorter legs to allow for the height of the casters. Overall height is the same as Standard CRT Tables above.)

Bi-Level CRT Desk with Optional Storage Module*

Optional
Storage
Module

Keep your CRT
where it
belongs...at your
work station!

☐ Shown: Right Hand Model 7227

Ships Via

- ☐ Adjoining 30 x 30" and 30 x 36" work surfaces for ample CRT & desk space
- ☐ Bookcase base is slotted at 1" intervals to accommodate dividers
- ☐ Optional storage module has 3 compartments and a roll-top tambour door for privacy
- ☐ Available in right or left hand version
- ☐ Leg levelers add stability on any floor surface

The Bi-Level CRT Desk can solve your work space problems and increase productivity at the same time! By having your CRT right at your work

station you eliminate the time wasted going from one place to another and then trying to get organized again. Sturdy steel construction with 3/4" high-pressure laminate tops that resist scratches and mars. Non-glare tops ease eye strain and T-molding protects table edges. Side-Stor CRT Table

Side storage gives you the best of both worlds...storage space and plenty of leg room

- ☐ 3/4" high-pressure laminate top resists scratches and mars
- ☐ Sturdy, steel construction throughout
- ☐ Non-glare surface eases eye strain

The side-storage bookcase (24 3/4" W x 12" H x 9 1/2" D) on the end of the table provides easy access to books, supplies or other important materials. Two straight, steel legs on the bookcase end of the table provide extra strength to support heavy loads. Large tabletop has ample workspace and leg levelers add stability on any surface. Choice of 3 color combinations and contemporary styling combine for a look that fits well in almost any environment.

Overall H x W x D	Model Number			Price

Bookcase Base CRT Tables

Keep books, papers and accessories close at hand!

Ships Via

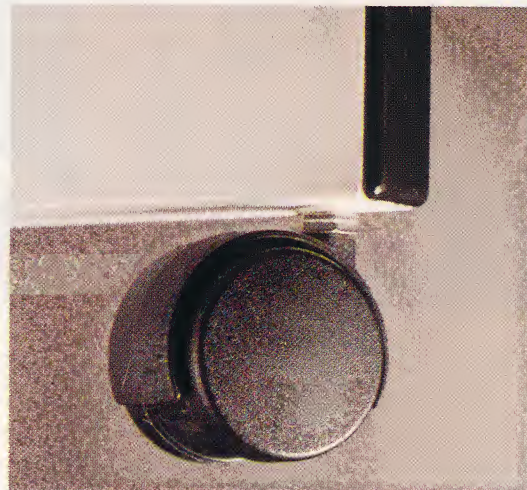

The Bookcase Base adds convenient storage and organizing space right at your CRT station. It fits neatly under the table top and is slotted to accommodate dividers so you can sectionalize the available space. T-bar construction and 1" adjustable glides on the legs give the table excellent stability on any surface. Serves as an ideal work station for nearly all office or computer related equipment. These tables also include all of the other fine features found on Valley Craft CRT tables. Available in 5 convenient sizes and 3 attractive color combinations, including: Putty with Oak top; Putty with Walnut top; or Black with Walnut top. Tables are 26 3/4" high (27" on 48 & 60" long models). For added mobility see tables with casters below.

Bookcase Base CRT Tables with Casters

Enjoy added convenience and mobility with a Bookcase Base CRT Table on 4 hooded chrome casters. 2 standard and 2 locking casters enable you to lock the table in place when it is not being moved or repositioned. The casters provide easy movement on any surface and will not harm floors. (Note: Caster equipped models come with 2" shorter legs to compensate for the height of the casters.)

CRT Table with Storage Module

Ships Via

Concealed storage space for CRT tables!

- ☐ Sturdy steel T-bar construction for support
- ☐ Storage module adds space for supplies, documents, papers, etc.
- ☐ Roll-front tambour door on storage module for privacy and good looks

The versatility of a Valley Craft CRT table is combined with the convenience of a storage module to form a work center for office machines or computer related equipment. The storage module is constructed of a steel frame and is divided inside into 3 compartments (approx. 4" high) for storing and organizing paper, envelopes, documents, supplies or other materials. A roll-front tambour door conceals the contents of the module and adds an attractive touch to the table. The table has all the features found on the Standard Valley Craft CRT Table including high-pressure wood laminate tops and a choice of 1" adjustable leveling glides or hooded casters. The module is 11 3/4" W x 13" H x 16" D on the 30 and 36" tables, and 13 3/4" W x 13" H x 16" D on the 48 and 60" tables. The modules can be mounted on either the left or right side of the table for operator convenience. Choose from the sizes and colors listed in the chart.

Universal Table Storage Modules

Added storage space for papers, supplies and other important materials!

Both models feature roll-top tambour doors with a woodgrain finish in front to conceal contents of module. Durable steel construction gives solid support and their universal design allows them to be used with almost any CRT table or conventional table. Both models have 2 shelves that divide the module into 3 compartments for storing papers, supplies, accessories, etc. They make a convenient and attractive addition to any CRT table, conventional table, or work station. Available in Putty with Oak door, Putty with Walnut door, or Black with Walnut door. Universal brackets included.

Standard Base CRT Tables with Riser Shelf

Extra space for auxiliary equipment, books, manuals, accessories, etc.!

These CRT tables offer all the same features as the Standard Base CRT Tables plus the Riser Shelf for additional space and convenience. The Riser Shelf works well for any kind of equipment and accessories and is especially well suited for computer related equipment. A sturdy steel frame gives the shelf solid support and the shelf top is constructed of the same 3/4" high-pressure laminate as the tabletop. T-molding on the edges adds protection and good looks. T-bar construction provides solid support for the entire unit. Available in two sizes listed below.

Table W x L x H	Riser W x L x D	Model Number			Price
		Putty/Oak	Putty/Walnut	Black/Walnut

Bookcase Base CRT Tables with Riser Shelf

Ships Via

Maximum shelf and storage space for CRT stations!

This CRT table gives the operator all the work and storage space they need in one compact unit. The riser shelf provides room for auxiliary equipment, extra work space, etc. The bookcase can accommodate books, manuals, documents, supplies or most other often used materials. Steel components and high-pressure wood-laminate tops give the table a stylish appearance and durability.

T-molding around the edges adds protection against clothing snags and catches. Makes a great work station for most office or computer related equipment. Available in two sizes and three attractive color combinations. Shipped KD, easy to assemble.

Table W x L x H	Model Number			Price
	Putty/Oak	Putty/Walnut	Black/Walnut

CRT Tables with Storage Module and Riser Shelf

Extra storage and work space saves time and trouble!

This combination of elements creates an ideal work station for many different uses. Ample work space is provided by the large table top and the smaller riser shelf. The storage module is divided into 3 compartments and can be mounted on either the right or left side of the table for operator convenience. A roll-top tambour door on the front of the module keeps your supplies and materials concealed and confidential.

Sturdy steel T-bar legs and 1" adjustable glides give the unit stability and support on any surface. Table has same features as the Standard Base CRT Table. Choose from 3 color combinations listed in chart.

Bi-Level Desk/Typing Table

A multi-functional work station...perfect for typewriters, CRT's, microcomputers or other office equipment

Now you can have an affordable work station that serves as both a desk and a typewriter stand. The left side is 28 3/4" high for use as a desk or reference table. The right side is 26 3/4" high, the optimum height for a keyboard or related equipment. Sturdy steel T-bar construction and 3/4" thick high-pressure wood laminate tops make this table durable enough to last through years of rugged daily use. T-molding around the table edges adds attractive styling and eliminates sharp or rough edges. Leveling glides on the bottom of the table's legs are easily adjustable for stability on any surface. Shipped KD, easy to assemble. Available in Putty with Oak woodgrain finish top only.

Desk-High Bookcase Base Utility Table

Full-size utility table with ample storage space for books, papers, supplies, accessories, equipment, etc.

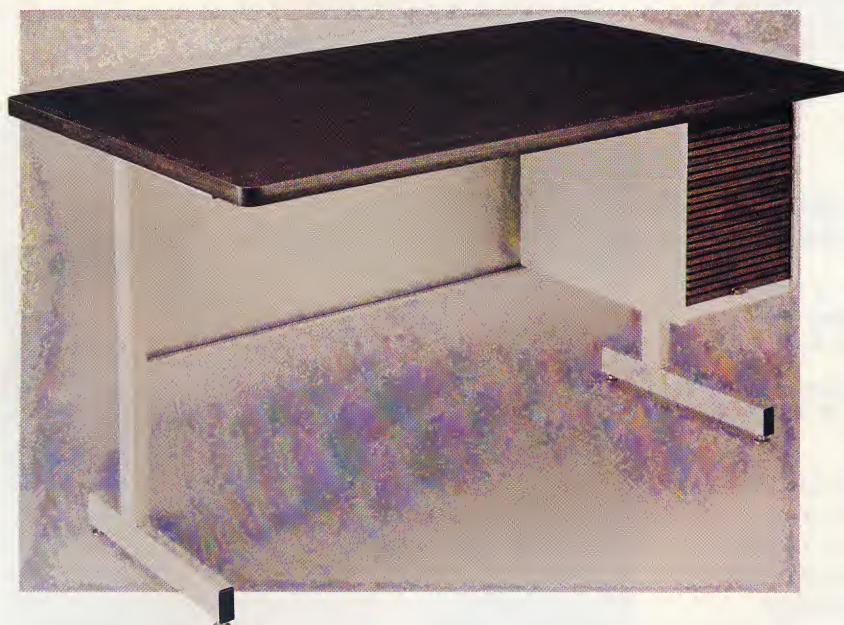

All the outstanding features of the Valley Craft Desk High Utility Table with the added convenience of a full length bookcase underneath. The bookcase is constructed of steel for strength and durability and is finished in the same attractive color as the rest of the table frame. The bookcase is also slotted at 1" intervals to accommodate dividers, allowing you to separate and organize books, supplies, or other materials. Perfect for use in computer rooms, mail rooms, or other offices. You can also choose between leveling glides or casters for easy mobility. Available in 5 sizes and 3 attractive color combinations. Shipped KD.

Desk-High Utility Table

with Large Storage Module

Handy storage module turns a utility table into a desk, a work station, or any number of other uses.

An attractive and spacious storage module attaches directly to either end of a Valley Craft Desk-High Utility Table. The module features steel construction with a roll-front tambour door in front for privacy and styling. It measures 13 3/4"W x 13"H x 16"D and can be mounted on either end of the Utility Table for extra convenience.

The tables are available in your choice of 2 different tabletop sizes, both being large enough to easily hold office or computer equipment and still give you ample work space too. You can also choose between leveling glides for stability or casters for easy mobility on any surface. The entire unit is available in 3 different color combinations to give it an attractive appearance in any environment. Shipped KD, easy to assemble.

Mail Center

Specially designed to accommodate all your mail handling needs!

Ships Via

Two 36 x 30" work surfaces provide ample work space. One surface is 30" high; the other is 28" high and has a 3" rail around the sides to keep loose mail from sliding off. Two storage modules (one 6"H x 12 1/4"W x 9"D; the other 13"H x 12 1/4"W x 16"D) give you plenty of storage space for supplies and accessories, and both have roll-front tambour doors in front. The riser shelf (30"W x 8"D x 12"H) has room for scales, meters, or other equipment; while the mail sorting bin underneath provides space for mail sorting or storage. Steel components give the Center a strong 300-lb. capacity and leg levelers add stability on any surface. High-pressure Oak woodgrain laminate tabletops are complemented by the attractive Putty enamel finish. 72"L x 30"W overall. Shipped KD, easy to assemble. Multiple carton pack ships UPS.

Model	Capacity	Price
7131	300 lbs.	\$499.95

The Mail Caddy™

Ships Via

Specially designed mail cart assists in sorting, handling, distributing and organizing mail!

☐ 8 x 1.75" semi-pneumatic tires with "mag" wheel covers in front; 2 1/2" swivel casters in back

☐ A divider in the tub adjusts on 1" increments to separate the tub into two sections

☐ Large 20"L x 16 1/2"W x 12"D tub holds hanging files, mail, packages, etc.

☐ Sturdy steel construction provides hefty 200-lb. capacity

The Mail Caddy has a tub on top that holds mail and small packages, and a large package platform tray underneath (29 x 16 x 2") that holds bulkier items. There is also a special tall package and mailing tube section for long or tall parcels. Other features include a tabletop that flips up for easy access to the utility tray; the utility tray with 3 "mini-bins"; and rubber bumper guards on the lower front corners. Attractive Putty finish with an Oak woodgrain tabletop surface. Vinyl Oak woodgrain "Mail" decals are included for your use if you wish. An optional set of 25 legal size hanging file folders with index tabs and tab inserts is also available. 32"H x 16 1/2"W x 38"L overall. Shipped KD, easy to assemble.
